

MEMORANDUM

TO: Drafting Committee on Uniform Record Owners of Business Act a/k/a
Uniform Law Enforcement Access to Entity Information Act

FROM: Harry J. Haynsworth, Chair

DATE: March 19, 2009

RE: March 23, 2009 Conference Call - 2:00-4:00 p.m. (CDT)

This will be the last authorized conference call. The draft Bill Clark sent out today contains all the changes we have discussed in our prior two conference calls. The proposed agenda is:

1. New Section 6 (duties of records contact).
2. Consequences of a breach of Section 6. This discussion will also need to consider the liability shield in Section 12.
3. Whether Section 11(b) requiring notarization of the signatures of the records contact and the responsible individual should be deleted.
4. Consequences of a breach of Section 7 (alien interest holders).
5. Final cleanup and miscellaneous issues.

There are several controversial issues which must be resolved so the Act can be ready for second reading this summer. We have discussed virtually all of them at one or more of our meetings; so the discussion in our Monday conference call should be focused and brief, with hopefully a minimum of formal votes being necessary.

I look forward to talking with each of you on Monday.
