

MEMORANDUM

To: Drafting Committee to Revise Uniform Law on Notarial Acts
From: Art Gaudio, Reporter
Re: Revisions for November 20-21, 2009 Meeting
Date: November 4, 2009

I am submitting two versions of the ULONA revisions for our upcoming meeting. They reflect changes that were made since our Annual Meeting, although some were raised prior thereto.

The “clean” version, i.e. the one without the redlining, shows the revisions that I am submitting to the Committee. In a number of places there are phrases, clauses and even whole subsections or sections for which I have submitted alternative provisions. These are shown inside of brackets { }. In other places I used the brackets to present language on which I would like the advice of the Committee before I include them in the next version. They too are shown in brackets.

I’m also supplying a “redlined” version of the revisions for your use as supplemental material. I hope it will assist you in following the changes that I have made in coming up with the “clean” version.
