

Exam #: _____

Exam Ticket Number: _____

PATENT LAW

LAW 677 | FALL 2011

PROFESSOR WAGNER

FINAL EXAMINATION

December 14, 2011

Time Limit: 3 hours.

(4 hours for non-native-English speaking LLM students.)

INSTRUCTIONS

1. The exam consists of 47 pages. **Stop now and check to see that you have all pages.** Mark your exam ticket number on pages 42 through 47 in the space provided.
2. The exam consists of 58 “multiple choice” questions and three (3) “short answer” questions. Each correct multiple choice question is worth one (1) point. Each short answer question is worth a maximum of six (6) points.
3. Certain questions are associated with certain fact patterns. (For example, Questions 1 through 8 are associated with Fact Pattern C.) This is clearly marked on the exam, but be sure to keep track of which fact pattern you are considering.
4. **For the multiple choice questions, mark all answers on the scan sheet only.** Multiple choice answers marked on the exam will not be accepted. Use a #2 pencil.
5. **For the short answer questions, answer the questions in the space provided.** Please write clearly and legibly; answers we cannot read will get no credit.
6. **Be sure to mark your exam ticket number (and not your name) on your scan sheet, and on pages 42 through 47 of this exam.**
7. Be sure to read each question and the answers carefully and completely.
8. The exam is “open book” and “open notes”. The only restrictions are that you may not get assistance from another person and may not use the Internet.
9. If you believe that a question or answer contains an error or other serious problem, please detach the last page of the exam (page 47), note the question and the concern and give it to the proctor after you turn in your exam. I will review these comments, and take any appropriate steps.
10. Good luck, and have a great break from school.
