JEWS YEARNING FOR PALESTINE, PROBERS HEAR

Told 100,000 Could Be Absorbed

Washington, D. C., Jan. 7 (AP) — Witnesses told an Anglo-American commission today that Palestine easily could absorb 100,000 more Jews in six months and that half the Jews in Europe urgently want to settle there.

Robert Nathan, former government economist, testified that not only could 100,000 be accommodated in six months but that the Palestine economy could absorb 615,000 to 1,125,000 in the next decade and lift present living standards.

British committee men questioning Nahan, drew an acknowledgement that Arab-Jewish relations now were bad and might become worse with an additional influx of Jews. Nathan and an associate, Oscar Gass, also acknowledged that the Arab position was unlikely to change without a sharp reform in Arab living conditions which a British committee man said would amount to a "social revolution."

Dr. Joseph J. Schwartz of New York, European director of the American Jewish Joint Distribution committee, testified that 600,000 of the 1,200,000 Jews left in Europe outside Russia had no chance for a decent life unless they leave home, and Palestine is almost their only hope.

Asks Quick Action

He said that the figure of 600,000 wanting to go to Palestine would be reduced if other countries opened their doors but that this did not appear in prospect. Isador Herschfield, representing the Hebrew Immigrant Aid society, urged, however, that "civilized countries of the world make provision to absorb a proportionate number" of displaced Jews.

Dr. Schwartz asked quick action to get the Jews resettled. This plea was backed by Earl Harrison, former United States immigration commissioner, whose criticism last summer of the plight of Jews in army-operated camps led President Truman to recommend that 100,000 Jews be permitted to enter Palestine.

Palestine First Choice

Dr. Schwartz and Harrison took issue with Lt. Gen. Frederick Morgan, who was asked to resign as UNRRA administrator in Germany because of his statement that "a conspiracy" was responsible for a mass movement of Jews from Poland into western Europe.

"No conspiracy or secret movement is needed to take Jews out of Poland," Dr. Schwartz said. "The reasons are obvious. For one thing, the (Polish) government is unable to assure the safety of Jews in Poland."

Harrison said Palestine was first choice among the Jews he talked with in Germany and Austria because "this seems to be the only place in which they seem to feel they would have a chance of tolerance."

The committee before which the witnesses appeared was set up by the United States and British governments.
GOERING CURSES WITNESS; TOLD OF MURDER PLAN
Nazis Called for Death of 30 Million Slaves

According to a New York Times report, Admiral Karl Doenitz, chief of the German high command, has accused the Allied powers of deliberately killing millions of people in order to deny them the opportunity to live. The report states that Doenitz, who was a high-ranking Nazi official, made the remarks during a meeting in January 1946.

Admiral Doenitz, who was known for his brutal tactics during World War II, said that the Allied powers had deliberately killed millions of people in order to deny them the opportunity to live. He accused the Americans, British, and Russians of being responsible for the deaths.

Jewish Chaplain Named
Adviser to Eisenhower
On Jewish Problems

FRANKFURT-AM-MAIN (JTA)—Major Judah Neiditch, chief chaplain in the European theatre, has been named special adviser on Jewish problems to General Eisenhower, it was announced here by the headquarters of the United States Forces in the European theatre.

At the same time, Lt. Col. Charles Schottenland, chief of the processing section of the Camps Displaced Persons, and adjutant of the USFDP, announced that Jewish General Edith Gordon, chairman of the organization of Jewish refugees, will not wish to return to his home country will be housed in special assembly centers until they decide the place of their final destination.

With a report from Frankfurt, the correspondent of the New York Times quotes Col. Schottenland as admitting that condi-
tions in any of the camps where Jews have been held up to now were as bad as they have ever been.

In 1944, and not in accordance with Headquarters orders, it was reported that conditions were such as to prevent finding missing parents and children.

The story of their odyssey goes back to the winter of 1940-41. An official statement by the Pal-

estine Administration, dated No-

vember 29, said that all Jewish passengers in two vessels intercepted off the coast of Pal-
estine were taken to a special camp and that the passengers were searched for all goods and all but given up hope of seeing one another again.

The Jerusalem Post on record as supporting the United Nations Charter adopted at the San Francisco Conference and as supporting the Jewish people, has expressed its unequivocal approval of the conference.

The Jewish Agency's demand for the creation of a Turkish State, it was announced, was unani-

mously approved by the con-
ference. It was the only country which gave its automatic approval of the conference, in order to allow them to remain until the final settlement of their rights. Former Deportees
1,380 Jews Sent to Mauritius Are Now Allowed to Re-enter

JERUSALEM (JTA)—A journey half way around the world was ended, and what Zou-

kowsky regarded as a great wrong was partly rectified when the British liner Francisca, carrying 1,380 Jewish men, women and children, left Mauritius last Sunday and landed her passengers on the spot from which they had been deported as illegal im-
piants to the British Island of Mauritius almost five years ago. The new British Government, which had permitted them to return to Pal-
estine.

Many elderly people had to be supported down the gangplank because they were so overcome with emotion that they could hardly walk, according to the New York Times. Others, on landing, knelt in humility, kiss-

ing the paved quays. A large crowd moved to tears by joyous reunion welcomed the parents and children, sisters and broth-

ers and friends, who had been parted for more than a year. But all but given up hope of seeing one another again.

"Palestine is the only solution for the grave problem of 100,000 displaced Jews now living in German camps."

That was the statement yesterday by Earl G. Harrison, dean of the University of Pennsylvania Law School and member of the Intergovernmental Committee on Refugees, currently in Los Angeles to speak tonight at the United Jewish Welfare Fund rally at Shrine Auditorium.

All Want to Leave

Dean Harrison, whose report to President Truman on treatment of Jews in the Allied occupation area of Germany touched off a brisk controversy last September, told interviewers that keeping displaced persons in "concentration camps" is inhuman.

"All Jews who want to leave Germany," he said, "should be evacuated as soon as possible.

"And they all want to leave. Most of them wish to migrate to Palestine, where they can resume family life after their shattering experiences during the last six years. They have no faith whatever in their eventual treatment by the German people, for they rightly feel that anti-Semitism, although curbed at present, still exists there."

Dean Harrison added that provision should be made for absorption of some of the 100,000 Jews in existing quotas for immigration to America. Others, he said, could go to South America, although the Latin nations have stipulated that only certain classes of immigrants — those skilled in certain occupations — are wanted.

"Until this problem is solved," he concluded, "we can expect recurrence of such outbreaks as the reported riots in Frankfurt."
TRUMAN NOTE HELD TO DISPUTE ATTLEE

Reply Said to Deny Palestine Talks Were Jeopardized by President’s Plan for Jews

DELAY ON HAVENS NOTED

British Note Reported to Have Stressed London Difficulties in Light of Terrorism

LONDON, Oct. 11 (AP)—An authoritative source said today that President Truman in his latest letter to Prime Minister Attlee stood pat on his call for an immediate Jewish immigration into Palestine and had rejected British proposals for “dispersed” Holy Land settlement.

The source declared that Mr. Attlee, in a personal letter to Mr. Truman, had sought “a resumption and acceleration of the President’s advice” on Palestine “against the background of British action and difficulties.”

Mr. Trumane’s latest letter to Mr. Attlee, an informant said, renewed a plea for a program of immediate action on immigration, now at a standstill, and recalled that the President had been urging such action since September, 1945.

The President was said to have emphasized that European Jewry had gone through a “terrible ordeal” before and during the war and that virtually “nothing” had been done to alleviate their condition since the war.

Long Delay Remained

If immigration is deferred until Dec. 19, when the London conference on Palestine is scheduled to resume, fifteen months will have elapsed since the presidential investigator, Earl Harrison, first reported on the plight of Europe’s Jews, the President was said to have remarked.

The Truman letter was said to have added that Mr. Attlee’s communiqués had said “no mercy” that the plan had been published over Mr. Attlee’s signature.

According to the same source, Mr. Attlee’s reply was “a fascinating communication” that cited the record of the President’s council. Informal dinners and said they felt it was a letter to be read against the background of terrorism in Palestine, with consequent loss of British lives.

Neither No Downing Street nor the Foreign Office would comment on the contents of Mr. Truman’s letter. Downing Street sources suggested, however, that it would be read by the Joint British Cabinet meeting.

A Foreign Office spokesman said it had been relayed to Foreign Secretary Bevin in Paris. Bevin and Attlee were reported to be discussing the note in telephone and cable communications.

Figure Put Closer to 225,000

WASHINGTON, Oct. 11 (AP)—Rabbi Phillip Bernstein of Rochester, N. Y., said after a White House call today that almost 225,000 displaced Jews in Europe must be resettled elsewhere.

The rabbi, an adviser to Gens. Joseph T. McNarney and Mark Clark, commanders in the American zones of Germany and Austria, said the original concept of resetting 100,000 Jews “is untenable.”

Rabbi Bernstein, who said he would return to Germany today, asserted that Mr. Truman wanted first-hand information on Jewish displaced persons in the United States zones of Germany and Austria. He estimated the number in those zones at 173,000. “If you add to those the displaced Jewish persons in British and French zones and other countries,” he said, “the total will run close to 225,000.”

The visitor said the President indicated a “continuing genuine interest in solving these problems.”

Detainees Begin Hunger Strike

JERUSALEM, Oct. 11 (AP)—One hundred fifty of the 400 Jews in the Latrun detention camp began today a partial hunger strike, accepting only 250 grams, about a half pound, of bread in addition to tea as a daily ration. They said they were protesting their prolonged internment without charge and trial and demanded that Jewish public institutions in Palestine exert more pressure on authorities to speed their release.

JERUSALEM, Oct. 11 (Reuters)—Stern band pamphlets distributed in Tel Aviv today said “roads will be mined and fire opened on the enemy.” This terrorist organization acknowledged responsibility for the mining of roads throughout Palestine on Tuesday night, when two British soldiers were killed and three others wounded.

Two Arab land brokers said to have sold land to Jews have been “executed” by an organization that calls itself the Arab Higher Fighters, posters informed the public. The posters said the brokers had been residents of Salameh, near Jaffa, but Palestine police said they had no information of any murders or disappearances from Salameh.
