

The University of Pennsylvania's Office of General Counsel (OGC) is offering an externship for two students in their office. This is open to all 2L and 3L students at Penn Law. OGC supports the University and the University of Pennsylvania Health System and the selected externs will have ample opportunity to work on both University and Health System legal matters. The OGC externship program, which has been in existence for many years, allows students to work closely with attorneys in OGC, and to become involved in a broad range of legal issues. Students are encouraged to participate in meetings and to take an active role on legal matters. Students interested in applying, may consult the following website for more information:
