## IN-HOUSE TRAINING

**1st Year Academy**

Acquaints new associates with the WSGR mission, strategy, and culture. Provides a framework of practical advice to facilitate stellar junior associate work performance and to introduce key support systems around the firm.

**3rd Year Academy**

Re-emphasizes firm resources available to all associates, begins teaching supervisory skills, and paves the way for becoming a more thoughtful mid-level associate.

**5th Year Academy**

Connects associates from around the firm to help develop and nurture relationships, teaches project management techniques, and provides guidance on how best to navigate the transition to "senior" associate status.

**7th Year Academy**

Provides guidance on the road to partnership and other career options along with building good team leadership skills.

**100-Level Training**

Provides core substantive and procedural knowledge necessary to help ensure success as a junior associate.

**200- & 300-  
Level Training**

Provides substantive knowledge at a high level on topics of current and emerging interests in order to help WSGR attorneys remain at the top of industry knowledge, and to gain better insight to key deals/matters/transactions around the firm.

**Shadowing**

Allows associates, patent agents, and scientific advisors to skill build by watching experienced attorneys and patent agents perform high-value tasks.

**Coaching**

Allows associates to craft their professional skills development focus and to work within an individual context for more targeted support and faster return on investment.

**Professional  
Skills Curricula**

Help associates develop and improve their comfort levels and performance in the necessary areas of Business Acumen, Business Development & Client Relations, Management & Leadership, and Risk Management.

**Resilience Curriculum**

Focuses on personal wellness, emphasizing stress management and recognizing possible signs of excess strain including mental distress or substance abuse.
