The New Face of the Legal Profession

The new face of the legal profession is dedicated, ethical, bright and curious, diverse and passionate. The new face of the legal profession looks a lot like you.

K&L Gates embraces a forward-thinking culture in which every decision is filtered through the prism of our junior lawyers. Summer associates learn about our clients, our practices, our lawyers, and our culture. They sample projects from different areas, working as part of a team and participating in pro bono work that enriches the communities we serve. Through on-the-job experience and formal training programs, our summer associates begin to develop the skills and capabilities that will serve them well throughout their careers.

And let's not forget the social events - our summer social events reflect our unique firm culture and provide ample opportunities to develop lasting relationships with our lawyers and your fellow summer associates. The network you're building now will last you throughout your career.

Our work has earned us many accolades, from a 100 percent score on the Corporate Equality Index to 224 first-tier rankings in the 2012 U.S. News-Best Lawyers® survey. To learn more about our rankings, click here.

We're proud that the culture we've created and the opportunities we offer have helped us to attract and retain the leaders, innovators, visionaries, and thinkers who will shape the future of our firm.

You could be part of that future. Join us.
