Ronald B. McGuire, Esquire

Location: Jersey City, NJ 07310
Country: USA
Address: 30 Newport Parkway
Phone: (201) 795-5571

Organization Type: Law Firm -- Public Interest Focus/Practice
Organization Description: Ronald B. McGuire is a solo practitioner who specializes in the representation of students at the City University of New York (CUNY), the university with the largest number of Black and Latino students in the history of the United States. In 1991, Mr. McGuire founded the CUNY Emergency Legal Defense Project (the Project). Since then he has represented over 500 CUNY student activists in criminal cases, civil rights lawsuits and college disciplinary proceedings.
Mr. McGuire’s active docket includes a federal lawsuit challenging a viewpoint-based ban on speakers at Black Solidarity Day activities at York College; two lawsuits on behalf of faculty and students opposing the abolition of the Black Studies Department at the City College of New York; a federal lawsuit on behalf of student journalists and candidates for student government who sued the College of Staten Island after administrators declared the student election null and void because the campus newspaper endorsed a slate of activist students. Mr. McGuire also represents students at Hostos Community College who sued because the CUNY Board of Trustees voted to retroactively impose additional degree requirements for bilingual students five days before graduation.

Mr. McGuire recently won a state court decision enjoining CUNY from imposing a $400.00 annual tuition increase until New York City increased CUNY’s budget by $1.5 million. In another case, a state supreme court justice ruled that the New York State Open Meeting Law applies to bodies allocating student activity fees at CUNY colleges.

Mr. McGuire has also developed innovative ways for students with no resources to gain access to the federal and state courts. In one case, the Project obtained a federal court order permitting student volunteers from the college television station to record depositions of university officials on videotape, eliminating the need for the student plaintiffs to purchase transcripts of the depositions.
